

Use of artificial intelligence

This website/app includes text, images, videos, or audio generated or edited using artificial intelligence. As technology evolves, we use artificial intelligence responsibly and transparently, under human oversight, to ensure that content is truthful, appropriate, and not misleading.

Images with the AI icon

Images bearing the AI icon have been edited, modified, or occasionally generated using artificial intelligence solely for aesthetic, presentation, or technical purposes. They are produced in a way that ensures the product is represented faithfully in terms of its essential characteristics (color, materials, design, and use).
